

The image shows a screenshot of an Anaconda Prompt window and its Run console output. The top window is the Anaconda Prompt, which has a purple title bar and contains the following text:

```
(dataml100) C:\Users\Topsu\PycharmProjects\PRML\week3> python cifar10_illustrate.py
Prediction accuracy (correct labels) is: 1.0
Prediction accuracy (random labels) is: 0.099
Prediction accuracy (1NN) is: 0.2535
Time elapsed: 2823.9246717 seconds

(dataml100) C:\Users\Topsu\PycharmProjects\PRML\week3>
```

The bottom window is the Run console, which has a dark gray title bar and contains the following text:

```
Run: cifar10_illustrate x
C:\Users\Topsu\anaconda3\envs\dataml100\python.exe C:/Users/Topsu/PycharmProjects/PRML/week3/cifar10_illustrate.py
Prediction accuracy (correct labels) is: 1.0
Prediction accuracy (random labels) is: 0.1032
Prediction accuracy (1NN) is: 0.2535
Time elapsed: 2805.9840917 seconds
Process finished with exit code 0
```
